# Why Teenager 2 Adult is important to you?

Planning for the future of young people with special educational needs or disability needs to start early and be personalised. To ensure the best outcomes for your young person this **must** start no later than year 9 (age 13 yrs) and continue each year after that.

The event is designed to help young people and their parent/carers understand what lies ahead as they move into adulthood. We want you to be reassured, to be more informed, to know what questions to ask and how to plan for the future.

Our Teenager 2 Adult event gives you opportunity to meet some of the organisations and services that may be involved with your young person.

**WE LOOK FORWARD TO SEEING YOU!**
