

## Research Famous Design Products

### Design Brief:

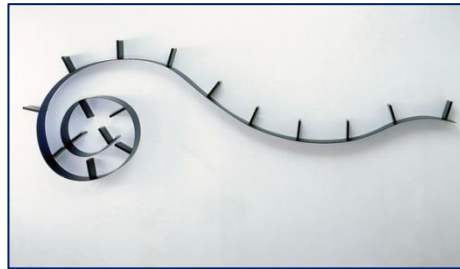

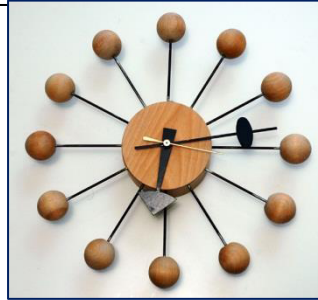

To get you thinking about product design and what it entails, we would like for you to complete this mini research task by the start of Sept.

**Pick 4** of the products below and answer the following questions:

1. What are the names of the products you've chosen?
2. Who designed each product?
3. In which year were each of the products created?
4. What materials are used to manufacture them?

Here are some names of Famous Product Designers to help you with your research:

George Nelson, Raymond Loewy, Philippe Stark, Sony, Lazio Biro, Ron Arad, Joathan Ives, Michael Graves, Gunpei Yokoi, Arne Jacobson, Alfonso Bialetti, Gerrit Rietveld, Verner Panton

Please buy for theory lessons. This book: My revision notes - AQA A level Design and Technology Product Design Specification 2017 onwards.
