Cambridge National Level 1/2 Award/Certificate

Mark Scheme for June 2018

OCR (Oxford Cambridge and RSA) is a leading UK awarding body, providing a wide range of qualifications to meet the needs of candidates of all ages and abilities. OCR qualifications include AS/A Levels, Diplomas, GCSEs, Cambridge Nationals, Cambridge Technicals, Functional Skills, Key Skills, Entry Level qualifications, NVQs and vocational qualifications in areas such as IT, business, languages, teaching/training, administration and secretarial skills.

It is also responsible for developing new specifications to meet national requirements and the needs of students and teachers. OCR is a not-for-profit organisation; any surplus made is invested back into the establishment to help towards the development of qualifications and support, which keep pace with the changing needs of today's society.

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which marks were awarded by examiners. It does not indicate the details of the discussions which took place at an examiners' meeting before marking commenced.

All examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes should be read in conjunction with the published question papers and the report on the examination.

Question	Answer	Marks	Guidance
29	<p>Analyse two ways development of the new computer tablet cases may be affected by changes to laws such as product safety standards.</p> <p><u>Indicative Content</u></p> <p>The impact of changes to laws may affect the development of the new computer tablet cases:</p> <ul style="list-style-type: none"> • Cost of producing the cases may increase/decrease necessitating a change to the price charged • New production techniques need to be introduced • New production technology/equipment needs to be purchased • Different raw materials may need to be sourced • New skills required by production staff necessitating staff training/recruitment • New case designs may need to be introduced thereby increasing the workload of specific functions, e.g. marketing, research and development <p><u>Example responses</u></p> <p>The changes in product safety standards may mean that the materials used to produce the cases may need to change (1). This will result in a possible change of supplier (1) and possible increase/decrease in the cost of producing the cases (1).</p> <p>Copyright/patent rules may change which may make it harder to ‘copy’ certain styles of tablet case (1). This may require extra work such as design and marketing (1) which will increase business costs (1).</p> <p style="text-align: right;">ARA</p>	(6)	<p>Award one mark for each impact on product development, up to a maximum of two marks.</p> <p>AND</p> <p>Award one further mark for each explanation of an impact on product development, up to a maximum of two marks.</p> <p>AND</p> <p>Award one further mark for each analysis of an impact on product development, up to a maximum of two marks.</p> <p>Make sure that any answer is at least implicitly linked to a <u>change in the law</u> which is realistic</p> <p>Make sure the answer is referring to the impact on <u>product development</u> (as opposed to price or channels of distribution)</p> <p>Ensure that the two impacts are different</p>

Question	Answer	Marks	Guidance
30	<p>Recommend which method you think should be used. Justify your answer.</p> <p><u>Indicative Content</u></p> <p>Advertising in social media:</p> <ul style="list-style-type: none"> • Low cost • Linked to target market – people who use social media are likely to own a tablet or smart phone and therefore need a case • Can be changed and updated easily • Can use visuals, link to websites/apps • International coverage <p>Local radio:</p> <ul style="list-style-type: none"> • Higher cost than social media • Targeted to local area • Can only use sound to generate attention/impact • Short and instantaneous <p><u>Example responses</u></p> <p>Advertising using social media will be low cost (L1). I will be able to afford this and it would appeal to my target market as most people who use social media will use a tablet or smart phone and therefore need a case to store it (L2). However, I need to be aware that the advertising will reach an international market and I may not be able to fulfil orders from some parts of the world as I am only a small business (L3).</p> <p>Radio advertising will target only people in the local area (L1) so they can all access my business easily (L2). The advert can attract attention via sound and a jingle could be included to make the advert memorable (L3).</p> <p>I would choose to advertise in social media as it is more aligned to the needs of my target market. Many people who listen to the radio advert will not be in my target market and therefore I will be paying for a more expensive advert with a lot of wastage (L4).</p> <p style="text-align: right;">ARA</p>	(8)	<p><u>Levels of response</u></p> <p>L1 (1-2 marks) Identifies advantage/disadvantage(s) of one/both methods of advertisement</p> <p>L2 (3-4 marks) Explains one/both methods of advertisement</p> <p>L3 (5-6 marks) Analyses at least one method of advertisement <u>in context</u></p> <p>L4 (7-8 marks) Evaluates at least one method</p> <p>A justified recommendation based on analysis of each method and/or a comparison must be made for full marks.</p> <p>Award the bottom level of each mark if only one of the methods is considered</p>
