

# Btec Level 3 National Extended Certificate

In Engineering 601/7584/9.

## Pre course task.

Investigate and write about one aspect of engineering you are interested in (300 words). Or choose one of the areas below you find interesting.

Focus your study on the exciting technology, materials and 'positive spin off' this technology is having.

- Biomimetic.
- The thinking behind new aircraft design.
- The fastest sailing boat in the world.
- Robots that do useful things.
- Advances in medical engineering.
- Engineering and technology helping nature.

Use digital technology to present your work in an interesting clear style. Do not print this task...**save resources** and gmail your engineering teachers your own thoughts (own words please, no cut and paste)
