

Welcome to A Level Film Studies

Here is your specification. Create a folder and keep this handy.

As you can tell from the specification, you will be studying a wide variety of films from the inception of cinema (probably the Lumiere brothers' screening in 1895) through to the present day.

1. Create a timeline of the history of cinema. This should include all the major technological advances from the Lumiere brothers' projection right up and to the present day. Use pp and include images. Alternatively, you can present this information on paper, but you have a lot to include so write small or use a big piece of paper.
2. Your favourite film. 250 words. Discuss why you have chosen this film.
3. The last film you watched. Visit <https://www.ukfilmreview.co.uk/netflix-film-reviews> for inspirations.
