

Welcome to Dance! For your pre-course task I would like you to watch Rooster by Christopher Bruce (all seven sections are on youtube) and write a review, minimum of one A4 side. You must write about the following:

Costume
Set/lighting
Music
Action content

Write about what you saw, how does it relate to what the piece is about (you will need to research the dance, but a quick introduction is the 1960's and how men viewed women, 1960's culture and fashions). I would also like your personal views - what did you like/not like and why?

In September, we will focus on this work in more detail, so this will be a good introduction for you.

This work will be due in your first dance lesson (you will find out the date on enrolment day in September).

Any questions, please email: strott@budmouth-aspirations.org
