

February 2022

Dear Parent and Carer

Year 9 Options

I hope the process of choosing option subjects is going well and the information provided has been supportive in that process.

The opportunity to talk to subject specialist staff takes place tomorrow between 4pm and 7pm at the virtual Options Evening. There are still plenty of appointments open within each subject area. This will be your opportunity to find out any details about Level 2 courses that may not have been covered in the options booklet or the subject information videos. The link below will take you to the online appointment site. If you feel you have all the information you need, there is no obligation to book appointments.

<https://budmouth.schoolcloud.co.uk/>

The appointment booking system closes at 12 noon tomorrow.

The Online Options Form is now available via the website for you to submit your option choices.

This form is quite straightforward but do get in touch if you have any questions. We advise that the form is only completed after all the presentations have been viewed to avoid choices being rushed. The options form is towards the bottom of the webpage below.

<https://www.budmouth-aspirations.org/our-curriculum/year-9-options/>

After the virtual Options Evening, if you do have further questions you can email the member of staff who leads the course you have a question about, their contact details can be found on the subject page within the Options Booklet.

I hope that the students enjoy the process of beginning to make some choices about courses they want to study in Key Stage 4.

Thank you for supporting them in this process.

Yours sincerely

Peter Hudson
Vice Principal

Wednesday 16th March - Deadline for the Options form to be returned via Google Form.
