

February 2023

Dear Parent/Carer

### **YEAR 11 SUPPORT - Half Term Revision and Support**

Please find below the schedule for the February Half Term Revision and Support Sessions. We are pleased to be able to offer 46 sessions to give students a boost before the main Mock Exams that start straight after the half term break, but also to support students progress towards their Summer Exams.

We have seen a rapid increase in the number of students attending after school sessions since the first Mock Exams and the enthusiasm from our students has been great to see. We would encourage all students to embrace the support on offer at half term as well as the after school sessions that have been running throughout the year. These will help those students that have gaps in their learning due to the time out of school during the pandemic and those that found the independent work more challenging.

As well as the schedule for Half Term, I also include the timetable for revision and support that continues throughout the year.

If you receive an invite for your child to attend specific sessions, this suggests that there is a need for support and we would recommend that they attend. All subjects offer open revision sessions that are available for all students.

The Summer Exam Season starts on 15th May and concludes on 28th June. When we have confirmed the details of the schedule we will provide you with a full exam timetable.

If you have any general concerns or require any further information, please do not hesitate to contact your child's form Tutor in the first instance.

Yours sincerely,

Peter Hudson  
Vice Principal
