Dear Parent/Carer

YEAR 11 SUPPORT - Easter Holiday Revision and Support

Please find below the schedule for the Easter Holiday Revision and Support Sessions. We are pleased to be able to offer 47 sessions to give students a boost before the Exam Season starts.

We have seen a rapid increase in the number of students attending after school sessions since the recent mock exams and the enthusiasm from our students has been great to see. We would encourage all students to embrace the support on offer over the Easter break as well as the after school sessions that have been running throughout the year. These will help those students that have gaps in their learning due to the time out of school during the pandemic and those that found the independent work more challenging.

There is a small cohort of year 11's that have chosen not to access the additional support during holidays and after school, these are often the students that are most in need of support. To provide an incentive and reward for all students including these individuals we are introducing a point system to reward high attendance at school, attendance at revision and intervention sessions both during the week and the Easter break. The rewards will include vouchers with values of £100 and £50, and the opportunity to win transport to the Prom in a suitable vehicle. This will be launched during our Mock Results event on Tuesday 28th March at a Year 11 assembly.

As well as the schedule for the Easter break, I also include the timetable for revision and support that continues throughout the year.

If you receive an invite for your child to attend specific sessions, this suggests that there is a need for support and we would recommend that they attend. All subjects offer open revision sessions that are available for all students.

Our Year 11's will be receiving their Mock Exam Results on Tuesday morning when the year group will meet in Clare Hall to celebrate their successes. Whilst students have received feedback from their teachers and worked through the mock exam papers, this will be their first sight of the actual results. Each student has also received their individual exam timetable for the summer exams.

The Summer Exam Season starts on 15th May and concludes on 20th June. The timetable for exams has been sent to you by Mrs Baker, our Exams Officer, but is also available on our website:

If you have any general concerns or require any further information, please do not hesitate to contact your child's form Tutor in the first instance.

Yours sincerely,

Peter Hudson
