

25th September 2023

Dear Parents/Carers

Year 11 Raising Achievement Evening – 5th October 2023

I would like to invite Year 11 parents, carers and students to the above event on Thursday 5th October. The evening will start at 5.00pm, in Clare Hall and will finish at 7.00pm.

The focus for the evening is supporting your child to maximise their achievements this year and beyond. The evening will start with a presentation by Mr Hudson, which will be followed by a range of sessions in the Hub. These sessions focus on the skills needed to revise independently and also look after yourself, physically and mentally, as you move towards the exams season. All of your child's subjects will be represented in the Hub and staff will be on hand to provide information about exams and offer resources and guidance to support students' success.

The evening is designed for students to attend with parents. I will provide you with details of the sessions available with locations and schedules so that you can plan your evening in advance.

Evidence shows that when teachers, parents and pupils work together in the build up to GCSE exams, outcomes for individuals are most likely to be better, and as such this is an important school event for all of our Year 11's.

There will be resources available from each subject area to take away as well as the opportunity to discuss the best revision books for all subjects, if students did not purchase them in Year 10.

Heads of Schools will be available to answer pastoral and general academic enquiries along with the SENDCo.

On 16th October your child will begin their first set of mock exams and this evening will give you the opportunity to ask any questions you may have at this crucial time in your child's education. I include below this year's schedule for after school revision and intervention which has started well with high numbers of students showing up.

Please arrive for a prompt start at 5.00pm.

We look forward to seeing you,

Yours sincerely

Mr P Hudson
Vice Principal
