Year 11 Raising Achievement

The Year Ahead.....

Our aims for this evening

- **Share my 3 top tips on what is needed to be successful at GCSE**
- **Give you (the parent) the tools to ask some all important questions.**
- **An opportunity for students to ask themselves questions about their approach to the year ahead. What will drive them?**

A very solid start to Year 11

- Great focus in lessons.
- Better effort with homework.
- Good attendance at interventions.
- Genuine sense of urgency about the task in hand.

Basically, a much better vibe overall about what you expect from yourselves next summer and how you can prepare for success now.

- 
- **11 days until your first Mock Exams -
They last for two and a half weeks in
October/November**
 - **24 Weeks until your Actual Exams**

“Formative Years”

GOV.UK

Research recently published from the DfE after tracking over 2 million people over a 20 year period.

Higher GCSE grades linked to lifetime earnings boost

1 grade higher across all subjects on average means £200,000 increased earnings across your working life.

1 grade in 1 subject on average means £23,000 more across your working life.

**Parental engagement has one of
the largest impacts on students
achievement and outcomes**

The Three Top Tips

The Honesty Test.

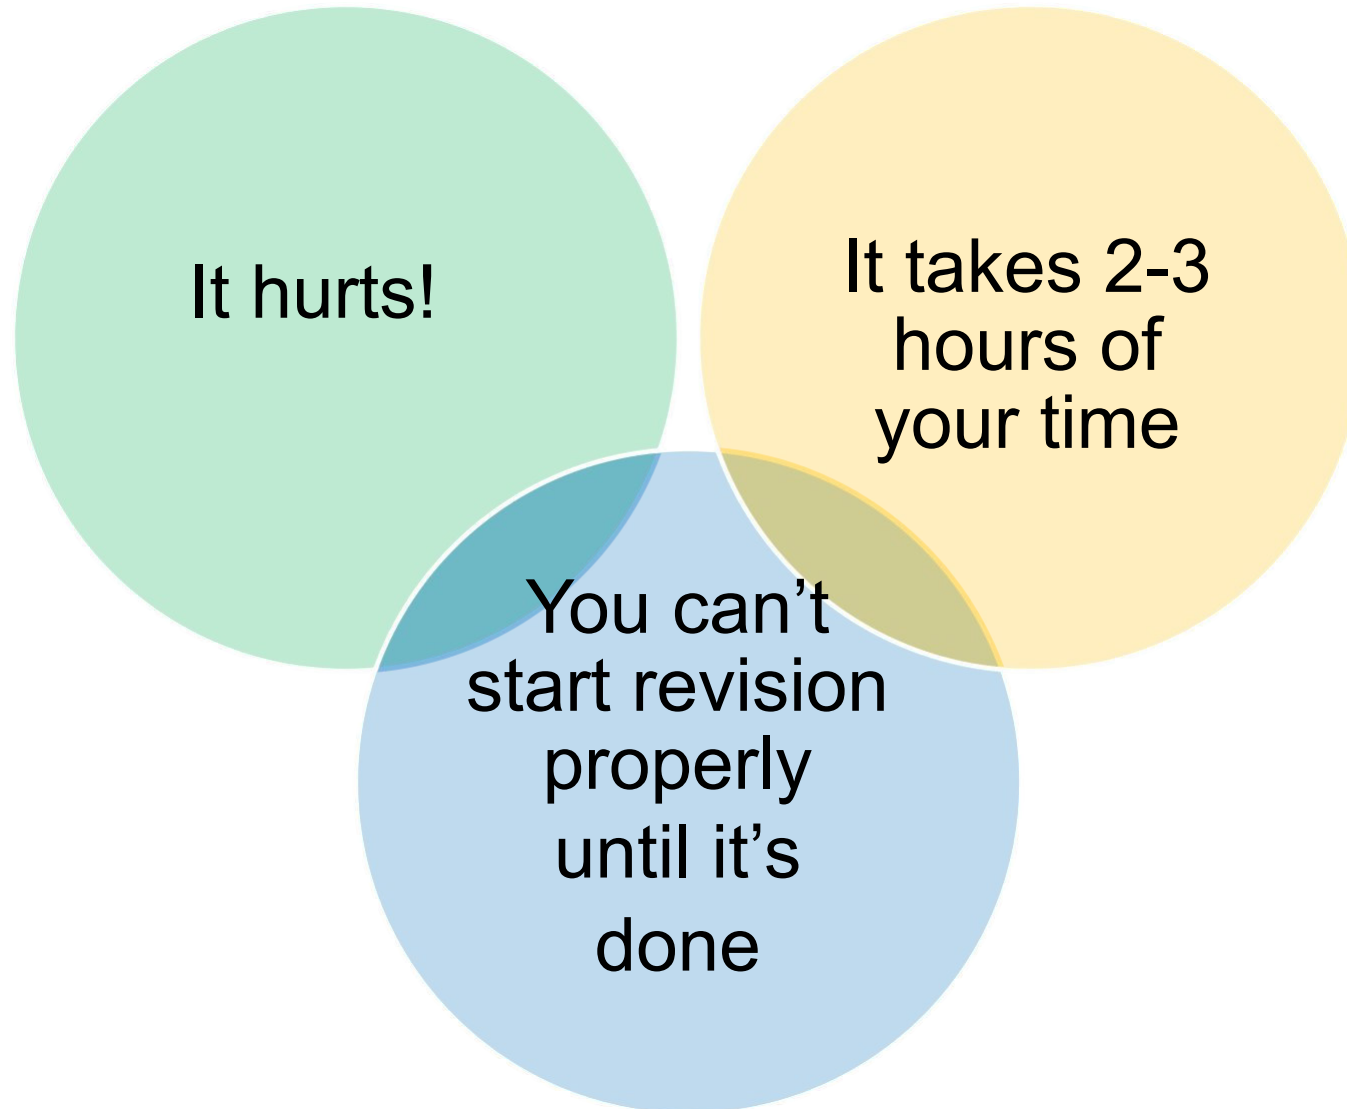

Getting Organised.

The Big Question.

The Honesty Test

1. Where are you right now? Grade?
2. Have you finished your syllabus?
3. Have you a complete file and set of notes?
4. Revision Guide/Past Papers?
5. What have you missed?
6. How can you fill the gaps?
7. Have you understood the work? Colour code it.
8. Repeat process when course has ended.

The Honesty Test

Get organised
with your time.....

What I've learned from those who've been successful!

- 2 hours on a 'normal' school day during Term 1.
- This becomes 2-3 hours from January 2024 onwards.
- 8 hours spread over a weekend in Term 1.
- This then becomes 10 hours spread over a normal weekend from January 2024 onwards.
- Never on a Friday night!!
