

Cakes and Confection

Year 7 Spring Term

Sarah Graham

British painter **Sarah Graham** was born in Hitchin in 1977 and works almost exclusively in oil on canvas. She completed a BA (hons) in Fine Art painting from De Montfort University, Leicester in 2000, and has been pursuing her practice ever since.

Sarah paints in a style of photo-realism. She uses the exaggeration of colours, light and reflections to bring her work to life. Most of her work is either acrylic or oil paints on canvas. Look at the 3 videos of Sarah Graham at work.

EBI:

Extension task...write your name in the “Chupa Chups” typeface and add your choice of colours to it. Each letter is a solid fat shape!

<i>a</i>	<i>b</i>	<i>c</i>
<i>d</i>	<i>e</i>	<i>f</i>
<i>g</i>	<i>h</i>	<i>i</i>
<i>j</i>	<i>k</i>	<i>l</i>
<i>m</i>	<i>n</i>	<i>o</i>
<i>p</i>	<i>q</i>	<i>r</i>
<i>s</i>	<i>t</i>	<i>u</i>
<i>v</i>	<i>w</i>	<i>x</i>
<i>y</i>	<i>z</i>	

Fact file.. Spanish surrealist artist Salvador Dali designed the logo we know so well

Nicola McBride

Biro Pen Artist

Scottish artist Nicola McBride uses the humble biro writing pen in a wide variety of colours to capture amazing detail and reflection in glass and the metallic surfaces of Cake wrappers. She draws boiled sweets that look like you could grab them from the paper! Her Tunnocks Teacakes look good enough to eat!

Your task is to try and use biro pen to copy a section of one of Nicola's drawings and try to blend the pen using cross hatching mark making skills. You should only try to copy an enlarged section and not the whole image. **Think about how she shows highlights and shadows?**

Learning Objective To create a collage of a cupcake

Learning Objective

To use one of the watercolour techniques to paint Ice creams or Ice Lollies

Learning Objective:

To create your own crazy or cute ice cream cones

Colour the colour wheel with the correct colours, as well as the colour schemes

COLOR THEORY

Color is an element of art.

Everytime I use color, I am creating a color scheme.

← This is a color wheel.

The most common color schemes are listed below.

Primary... [Three boxes] {I can make all the other colors by mixing different amounts of primary colors}

Secondary... [Three boxes] {I can mix two primary colors to make a secondary color.}

Warm... [Six boxes] {Yellow and all the colors with red and orange tones are warm.}

Cool... [Six boxes] {Violet and all the colors with blue and green tones are cool.}

Complimentary... [Six pairs of boxes] , etc {Opposites on the color wheel are complimentary.}

Analogous... [Three groups of boxes] , and so on. {Colors that are close neighbors on the color wheel are analogous.}

Rainbow... [Seven boxes] {Using primary and secondary colors placed in order from the color wheel, I can make a rainbow}

Intermediate... is a color term I need to know. It is the color in between the primary and secondary colors on the color wheel.

Learning Objective
To understand the colour theory
To create a cake colour wheel

Idea 1

Idea 2

Learning Objective

To paint your own cakes, sweets and treats the style of Wayne Thiebaud

First plan out your painting in your learning booklet. Then when you are happy with your idea draw in large onto cartridge paper ready for painting.

Success Criteria

- In rows
- Using strong shadows
- Pattern
- Colour
- Line
- Shape
- Thick paint-Impasto technique
