# Animal Parade
Year 7 Summer Term

Learning Objective: To design an African mask based on an Animal, including pattern.

What animal do you think this is?

Is there any pattern on the mask?

What colours have been used?

Learning Objective: To design an African mask based on an Animal, including pattern.
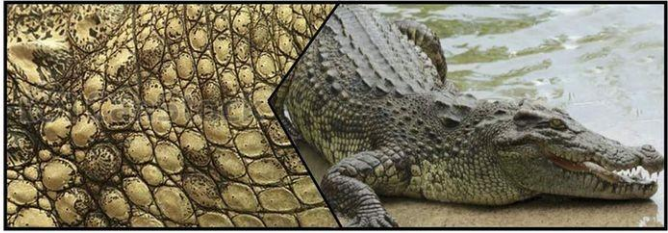

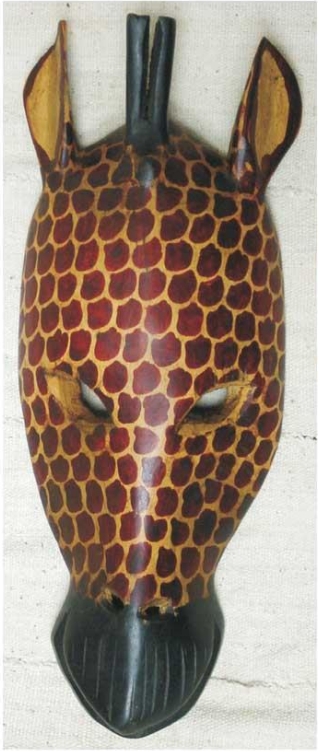

What features have been exaggerated?

Do you like this example?

What would you change?

Include colours and patterns that you would find on real African animals

Or design a mask that is bright and colourful with repeated patterns

Learning Objective: To design an African mask based on an Animal, including pattern

In your learning booklets design an African mask.

Success Criteria

Your mask should be based on an African animal.

You should exaggerate the animals features

You should include pattern

You should include either earthy colours or bright colours

Homework!
Next lesson bring in ideally a corner yogurt pot or a butter pot
We will be using it to make a 3D Tiger

Yoghurt Tub Tiger
