

Altered Portraits

Learning Objective

To create a split portrait - Half realistic, half doodles

One side of the face is realistic and the other filled with things you like or your hobbies and interests.

Choose objects and interests that look like facial features and position them where the relevant facial feature would be.

Learning Objective

To create a split portrait - Half realistic, half doodles

Success Criteria

1. You have drawn a portrait that is created using two styles of drawing
2. One side of the portrait is realistic
3. One side of the face is created using things/objects/hobbies that you are interested in or are important to you.
4. You have positioned the objects in the place of your facial features
