What do you notice?

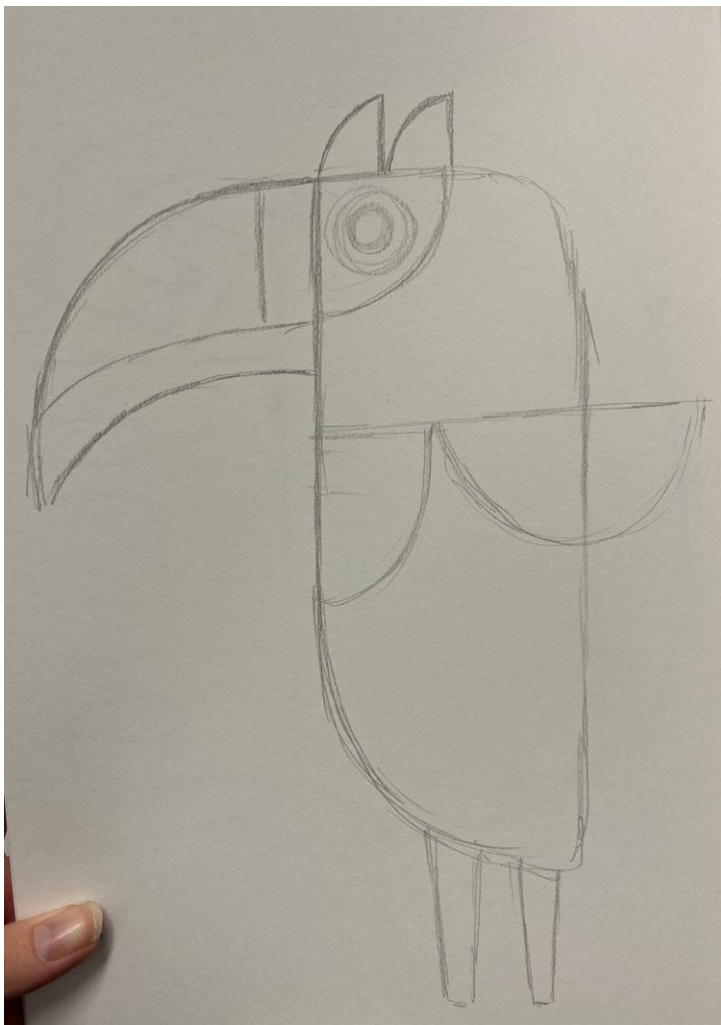

How to start your **Clare Youngs** inspired animal design

1. Layout your papers - see what you have and which colours work well together.
1. Draw the outline of your chosen animal on A4 paper (think carefully about how you fill the space - don't make your animal too big or too small)
1. Start cutting your papers to size and experimenting with where you would like to place them

From this:

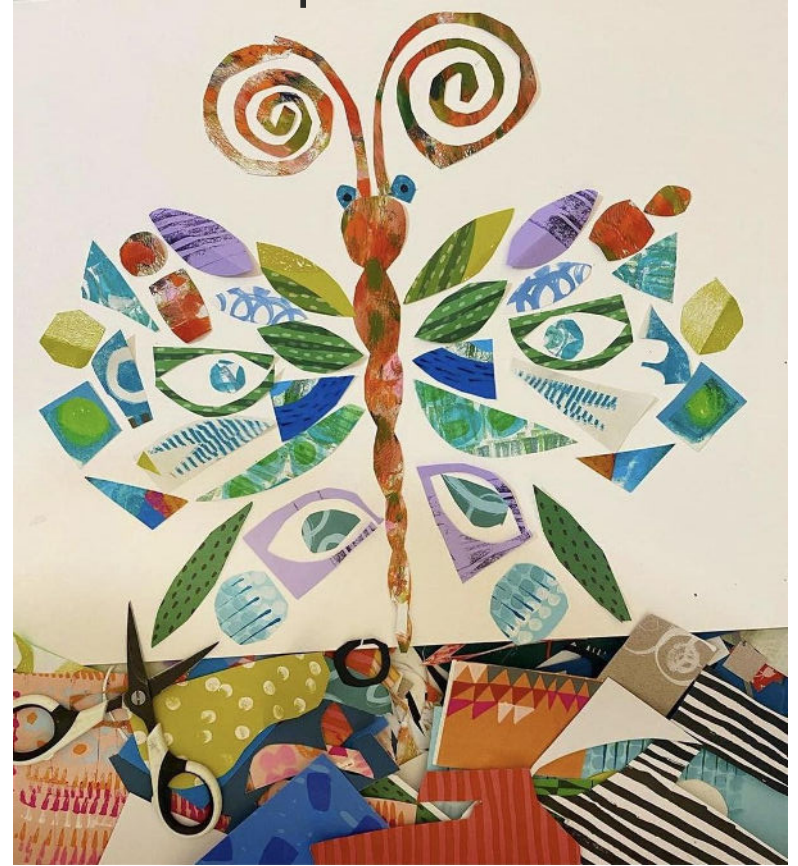

To this:

4. Once you are happy with the way your animal looks - glue all the pieces down. Your glue stick should work **IF** you hold the pieces down.

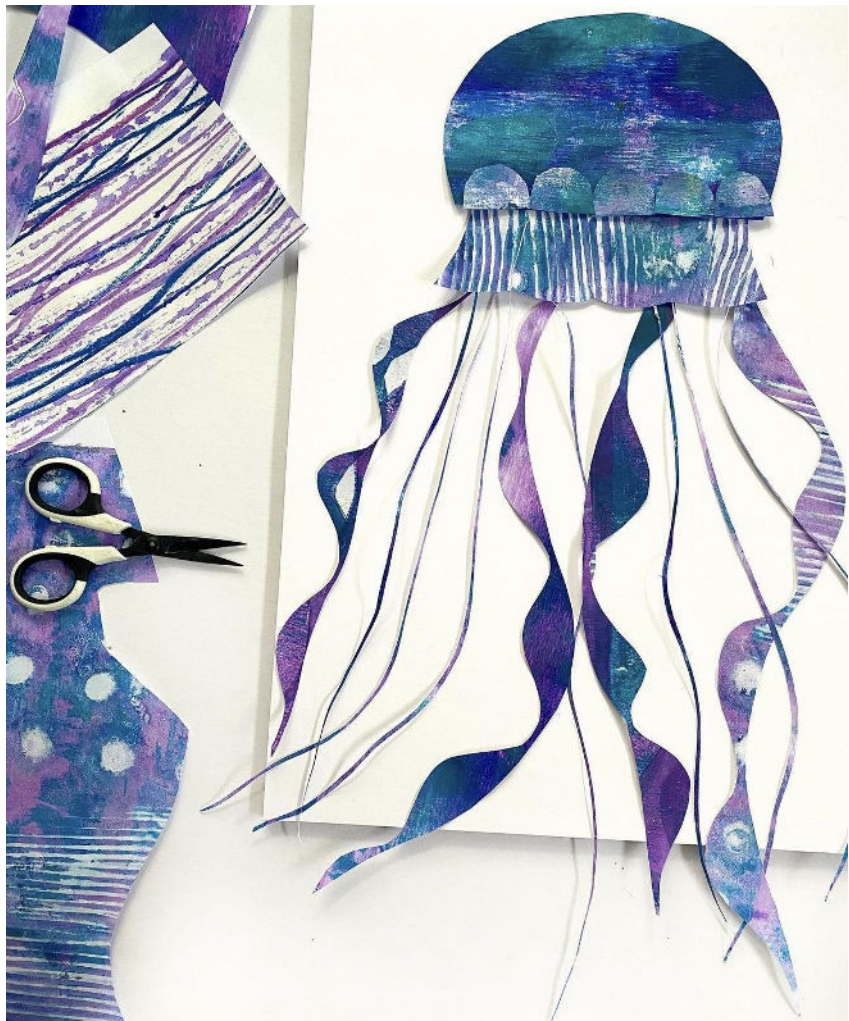

Draw the outlines of your animal in pencil first

Then start to cut and arrange your patterned papers
