

MECHANICAL INSECTS

Learning Objective

To create an enlarged colourful drawing of an insect.

Think about...

What colours would the artist use first?

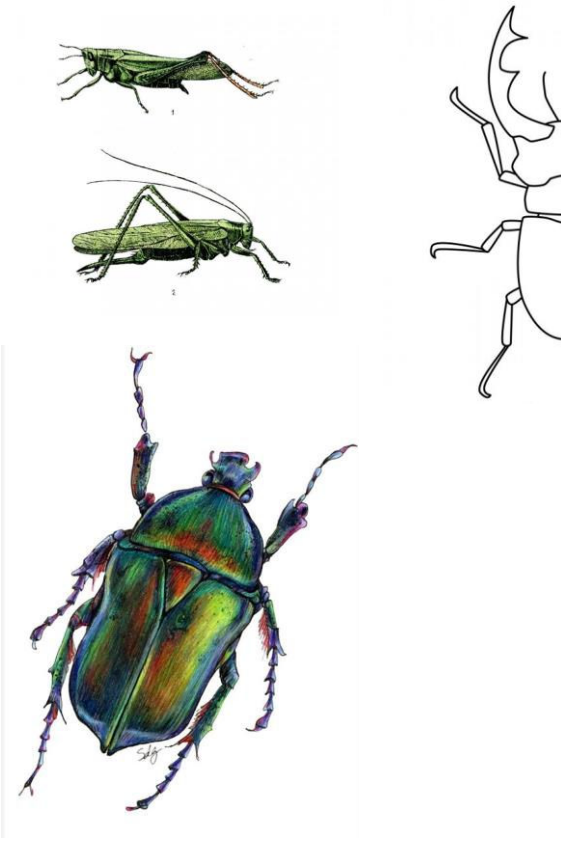

How has the artist used the old pastels to show the shape of the insects?

How has the artist used oil pastels to draw and shade the wings?

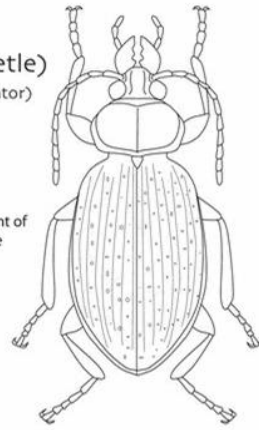

Learning Objective

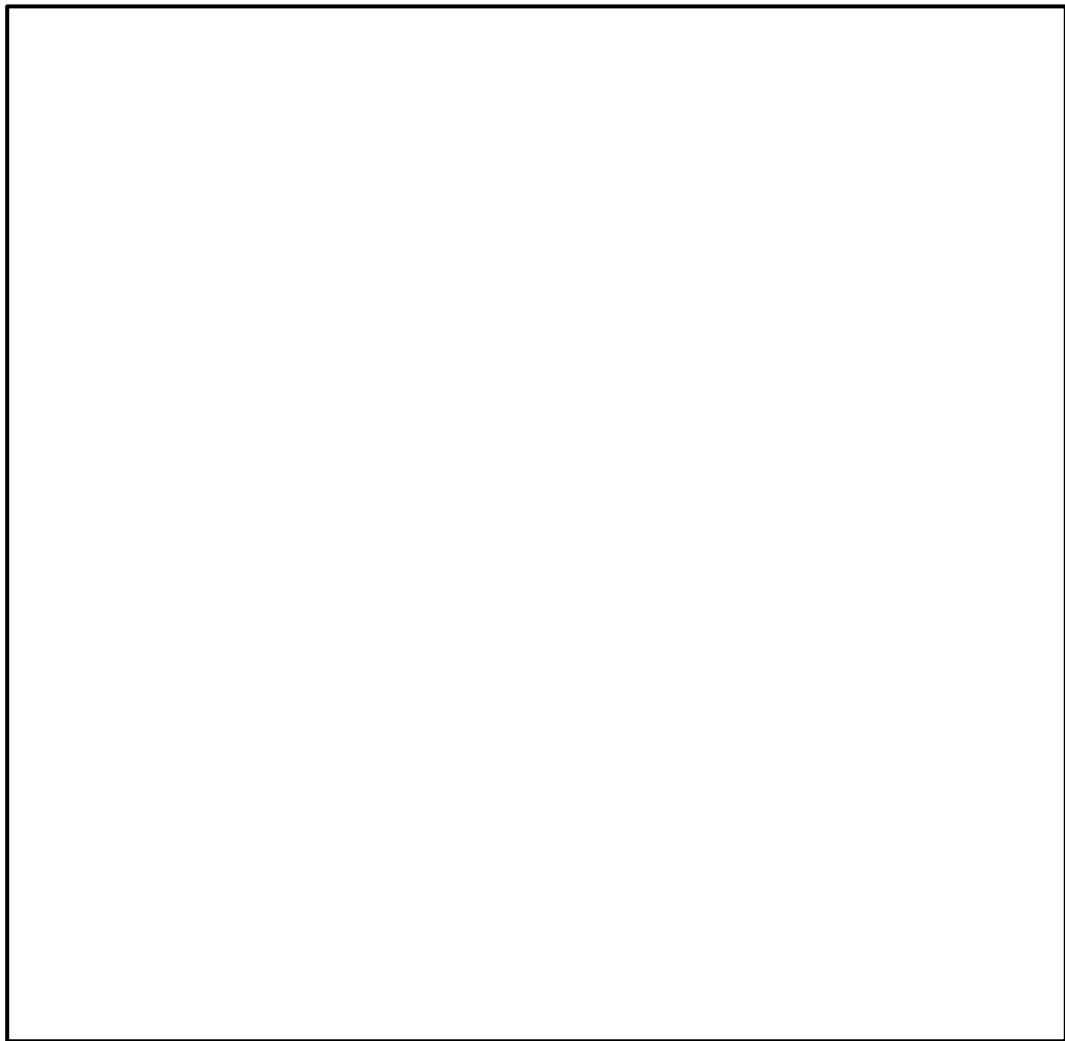

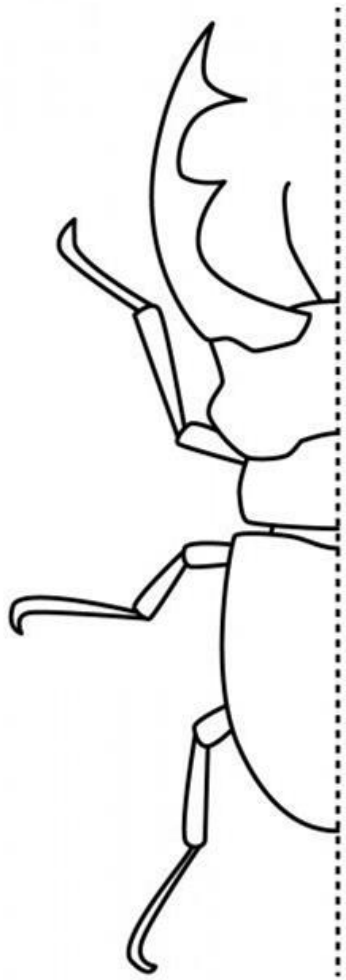

To create a large coloured oil pastel drawing of an insect

(Ground Beetle)
(*Calosoma scrutator*)

Fun Fact: 40 percent of all insect species are beetles.

Learning Objective

To create an enlarged colourful drawing of an insect.

Think about...

Draw an outline in pencil

Start with lighter colours first

Add darker colours and details last
