Dear Yr 13/14 Parents/Carers

Sixth Form Easter Revision

With the summer exam season starting in only four weeks for some students, I am sure your child is fully focused on a revision schedule which will enable them to optimise their performance. Hopefully they will have already reduced, if not eliminated, other commitments. I am pleased to say that a number of staff are putting on some intensive revision sessions during the Easter holiday. If your child is fortunate enough to study one of these subjects please do encourage them to attend and take full advantage of what is on offer.

The full programme of revision sessions can be found on the second page of this letter.

The run up to the summer is always a stressful time for students in Year 13/14. The better prepared students are, the less anxious they will feel during the exams themselves. We are all here to offer support whenever it is needed. As a reminder, here are the contact details for the relevant members of the Sixth Form Leadership team, as well as the telephone and email address for Mrs Cockings, our Sixth Form Administrator.

We have an assembly on 15th April which will explain to students the examination period and expected procedures. Students' attendance to this assembly will help them best plan for the upcoming examination period.

The Summer Exam season starts on 26th April and concludes on 21st June. The timetable for exams has been sent to you by Mrs Baker, our Exams Officer, but is also available on our website:

Yours sincerely
