7th October 2026

Dear Parent/Carer

RE: Mock Exams Information

Please find below the Mock Exam Timetable for Year 11 for the forthcoming Exams that will take place between 19th October and 11th November. These exams will predominantly take place in the gyms under full examination conditions. Every student will be given a printed timetable for their individual exams.

It has been wonderful to see so many Year 11 students committing to the after-school revision support sessions held each week from Monday to Thursday. These mock exams offer a valuable opportunity for students to test their revision strategies, assess how well-organised their course notes and records are, and become familiar with exam routines and conditions.

After the mock exams have been completed, marked and analysed, it is common for some subjects to review classes and set students in the most appropriate group. These will include Tier entry recommendations such as Science and Maths:
* Combined Science - Tier changes from Higher to Foundation or Foundation to Higher;
* Separate Science - Whether it would be beneficial for the student to move across to Combined Science (GCSE entry change)
* Maths - whether it would benefit students to move from Higher to Foundation, or from Foundation to Higher. In particular if a student currently on Higher does not achieve a strong 4 in these mocks then Foundation is likely a better fit for them.

To support students in the core subject areas, Subject Leaders have created a guide. The links below will take you to key information about each subject and the content of the mock exams:

English Exams and support information

Maths Exams and support information

Science Exams and support information

We also have general guidance regarding exams, including parental guides, on our website.
(link to exams webpage)

In addition, I have included the mock exam and revision timetables on the following page.

Yours sincerely,

P. Hudson

Peter Hudson
Vice Principal

Year 11 Mock Exam Timetable Oct/Nov 2026			
Date	**Start Time**	**End Time**	**Exam**
Mon, 19 Oct 2026	09:00	10:15	Combined Science Biology (Foundation)
Mon, 19 Oct 2026	09:00	10:15	Combined Science Biology (Higher)
Mon, 19 Oct 2026	09:00	10:45	Biology
Mon, 19 Oct 2026	13:00	14:45	English Language Paper 1
